

RESERVED SEATING

Information to Complete

Main Map Structure

This is the main layout information for the entire map.

☐ **Aerial Shot of the Track with Sections Drawn**

- Google Maps should be fine

☐ **Spreadsheet of Each Section with Seats Listed**

- Mark row and seat numbers
- Mark aisles
- Mark handicapped and obstructed view (pole in front) seats
- One sheet per section

☐ **Pit Ticket Information**

☐ **Camping Information**

Per Event Info

This is information for each event. The map above is used to build an “event map” that allows pricing to change per seat. Each seat is allowed to have different ticket types linked to it (Adult, Kids, VIP) and can also have an additional price associated with the ticket type.

☐ **Pricing Per Section**

Type of tickets available per section

- Adult
- Kid
- VIP
- ETC

☐ **Additional Pricing Per Section**

Example:

ALL seats allow for

- Adults = \$20
- Kids = \$12

VIP deck cost \$20 more

- Adults = \$40
- Kids = \$32

☐ **Additional Details**

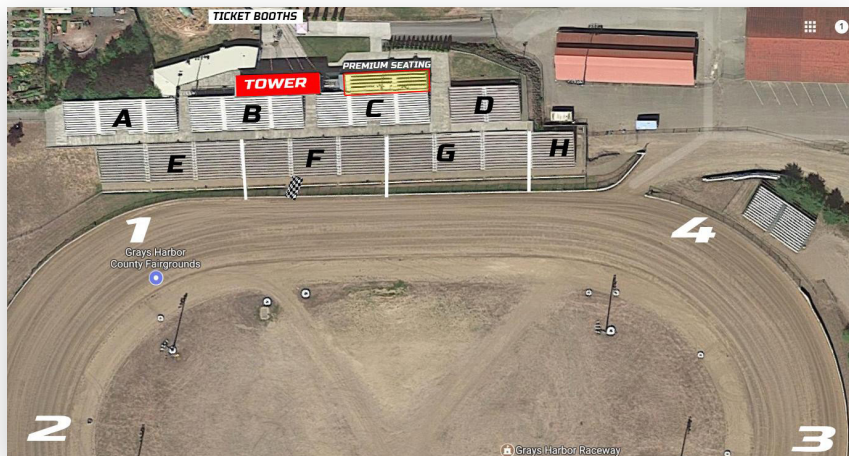

- Does the event have single reserved seats for ALL sections, or does one section offer GA?
- Are there any seats that need to be blocked out for this event?
